

Musical Kids

My mission is to inspire children to love music, to spark and develop the imagination and to lay a foundation of music skills that will last a lifetime.

Come join us as we bring music to life through song. Classes incorporate a wide variety of stimulating and imaginative musical experiences such as:

- ❖ SONGS
- ❖ CREATIVE MOVEMENT and DANCE
- ❖ INSTRUMENT PLAYING
- ❖ FINGER PLAYS
- ❖ SIGN LANGUAGE-

Each of these has been chosen to cultivate a love of music and provide a foundation for future musical study. I believe music classes should be fun, creative, flexible and educational. Through these classes, children learn fundamental music skills and concepts. They learn to focus and expand their attention through exposure to many different kinds of music, rhymes and rhythms.
